News Highlights

Another Successful Project in Dubai, UAE!

Congratulations to Jeswin on the completion of another significant project in Dubai. The hygiene team has successfully supplied and installed top-quality Heronrib matting for one of our esteemed clients in the male and female ablution areas.

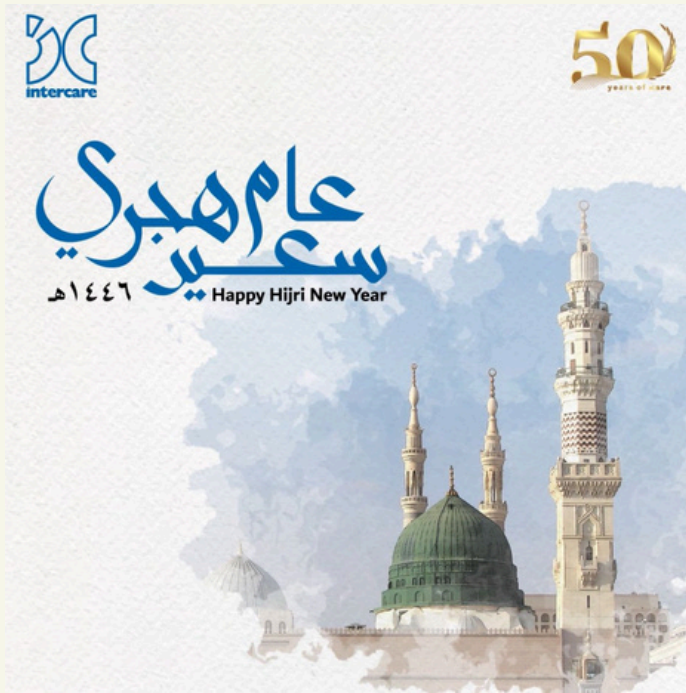

Let's keep this momentum going and aim for even greater success ahead!

Stay tuned for more updates as we continue to deliver excellence in every project!

Waste Care Division Celebrates Major Milestone

Congratulations to the Waste Care division for successfully delivering advanced road cleaning sweepers to the Government of Ras Al Khaimah's Public Works Department. This delivery marks a significant achievement for the Intercare team, showcasing our commitment to quality and excellence. The delivery included 2 Dulevo DT8 Suction Sweepers (8m³) and 4 Dulevo 6000 Mechanical Sweepers (6.2m³). This accomplishment highlights our dedication to providing top-notch equipment and services to our prestigious clients. Well done to everyone involved in making this project a success!

Celebrating 50 Years of Excellence: Clients/Industry Partners' Testimonials Now on Our Corporate Site

In honor of Intercare's 50 years of remarkable achievements, we are thrilled to introduce testimonials from our esteemed partners on our corporate website. These testimonials highlight our commitment to quality and excellence over the decades. Stay tuned as we share these inspiring stories across our social media handles.

The Importance of Color-Coded Cleaning Tools in Industrial Facilities

In the realm of industrial facilities, especially within the food and beverage sector, maintaining strict hygiene standards is not just a necessity but a regulatory mandate. These facilities face regular

Meet Your New Work Buddies!

Mr. Sahad Puthiya Malika Valappil
Key Account Executive - Floorcare Division

From: Kerala, India

Hobbies: Travel, Music, Photography

About me: I am Sahad from Kerala, India, with a BA in Economics from the University of Calicut. I began my career as an assistant accountant and later joined TCS on the esteemed passport seva Kendra projects. In 2015, I relocated to Dubai where I commenced my journey as a sales coordinator at Asia Bolt Industries, subsequently advancing to the role of production data analyst. Following this, I joined Cleantech Gulf as a sales executive and spent six fulfilling years there.

Other Interests: Reading, Swimming and Volunteering

Meet Chithra Jayesh!

Sales Co-ordinator - Floorcare Division

“A smooth sea never made a skilled sailor”

Hi, I am Chithra. Born in Pala, a quaint town in the Kottayam district, of Kerala, I am the eldest daughter in my family with two younger brothers. My late father was a respected service engineer who worked in the UAE and Qatar for an MNC, while my mother was a nurturing homemaker.

My educational journey took me to Sharjah Indian School until the 4th grade, after which I returned to India when my younger brother was born. I later pursued and completed a five-year integrated post-graduation course in Salem, Tamil Nadu. Following my studies, I moved to Qatar with my parents and embarked on a career as a procurement in-charge for an MEP contracting company.

In 2012, after my marriage, I relocated to Ajman with my husband, who works as a Sales Manager. I briefly worked as a customer support representative for an online gold and silver trading company until I became pregnant with twins – a girl and a boy. My career then took me to a weighing scales trading company, where I excelled as a sales coordinator for three years before joining Intercare.

I firmly believe in the saying, “A smooth sea never made a skilled sailor,” and advocate for hard work, determination, and self-belief as keys to achieving one’s goals. I enjoy living a vibrant city life but seek peace in mountain and rural travel destinations.

An avid reader of novels and fiction, I also enjoy binge-watching movies and series, listening to music, and dancing. Known for my open-mindedness, forward-thinking, and practical approach, I strive to avoid conflicts and adapt seamlessly to new situations and work cultures. I am more of a ride-or-die kind of person to my friends and family members.

My journey and values inspire those around me, and I am thrilled to contribute to and grow with the community at Intercare.

HAPPY
BIRTHDAY
