

MultiFlex Soap System

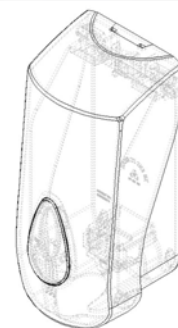

The versatile MultiFlex Soap System enables you to choose the handsoap and handsanitizers that suit your needs.

Dispensers are generic and can be switched between the liquid and the foam version. The bottles with pump are disposed of as one unit, making for a highly efficient and hygienic operational system.

- Multipurpose, modular system: mix and match pumps and containers
- Suitable for Care® liquid and foam soaps and sanitizers
- Fully disposable pump and pouch system for locations with high standards of hygiene including places such as hospitals and food preparation areas.
- Large front window to check fill levels
- Robust ABS plastic
- Exclusive to the Care® soaps and sanitizers

MultiFlex refills with:

-1ml liquid or

-0.5ml foam pump

ULTIMATE HYGIENE

Dispose of the bottle and pump together as one unit, eliminating the risk of contamination.

VERSATILITY

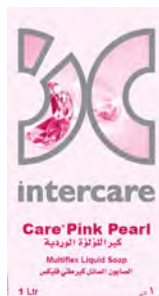

A choice of 2 different pumps, leveraging all several products into one dispenser type.
