

Foldable Speedy Plastic Mop Holder 40 cm

Art no	FCFIJH00096
Material	Plastic
Uses	Frame for wet floor for flat mopping
Size (cm)	40 (length) x 11 (width)
Country of origin	Italy

The Foldable Speedy Plastic Mop Holder has been designed for the flat wet floor mopping using any flat mop head with side flaps.

Just press the red button, the frame will close 180° and the flap mop head will be still hanging, this operation allows to rinse and wring the flat mop head.

In order to release completely the dirty flat mop head, just open the side plastic flaps of the frame and get the mop away.

- › Frame for wet floor for flat mopping completely made of recyclable and shock-proof plastic material.
- › If the red button on the upper part of the frame is pressed down, the frame will open and it will be possible to wring the flat mop head.
- › This holder is equipped with two side plastic flaps with two hooks used to fix the flat mop head.
- › The universal screw allows to use any kind of handle with a diameter going from 20 to 24 mm.
- › Its articulated joint allows a 360° performance.
