

PBT Industrial Broom Head 30 cm

Art No	FCFIJH00236
Material	Polybutylene Terephthalate
Uses	For dry floor cleaning in all areas of the food industry
Length	30 cm
Country of Origin	Italy

- › Ideal for dry floor cleaning in all areas of the food industry.
- › The Polybutylene Terephthalate Broom head has been designed expressly for cleaning the buildings in which hygiene demands are extremely important and it meets food industry requirements in compliance with HACCP (Hazard Analysis and Critical Control Points) rules.
- › The moulded support is non-toxic polythene, resistant against detergents action and high temperatures till 130°C.
- › Rounded and smooth shape to prevent dirt deposits.
- › The fibers are in processed polyester, a non-hygroscopic and non-toxic material, which maintains its resistance and elasticity from – 20° C to + 130° C.
- › Consequently it can be used in refrigerated environments and the broom can be autoclavable.

The PBT Industrial Broom Head is ideal for dry floor cleaning in all areas of the food industry as kitchens, canteen, butchers, bakeries and cheese factory.
