Country of Origin

Italy

The Polypropylene Street Broom Head is ideal for the road cleaning. Being produced in Italy in all its parts, it guarantees a high quality level, higher than all the ones offered in the market.

- › Composed of polypropylene bristles of different lengths firmly fixed to the central support where the handle is inserted.
- › The bristles are bent in order to adhere perfectly to the floor.
- › In comparison to the traditional models made of natural bristles such as bamboo and heather, this broom is made up of inorganic material, it doesn't grow mouldy and it is washable. Moreover it lasts much longer than a traditional one.

Intercare Floorcare guarantees the quality of the product . Its application recommendations are based on the test and practical experience . we accept no responsibility for damage caused through improper use of the product .
