

# Split Plastic Bucket 30 Ltrs with Drain Plugs and Wringer

Art No	FCFIJH00507
Material	Polypropylene
Uses	For the professional cleaning of the floors in medium-big areas.
Size (cm)	93 (height) x 60 (width) x 40 (depth)
Country of Origin	Italy

The Split Plastic Bucket 30 Ltrs with Drain Plugs and Wringer is used for the professional cleaning of the floors in medium-big areas.

- › Made of polypropylene copolymer material, recyclable and shock proof.
- › With two compartments (16+14 Ltrs) to separate the cleaning solution from the rinse water with consequent better cleaning results and hygiene, saving cleaning solution and labor time and consequently minimum effort of the operator.
- › Equipped with two drain-plugs which makes easier the emptying operation without lifting the bucket.
- › Back feet can be unassembled to allow the piling of the bucket, reducing storage and transport costs.
- › Double handle for a correct balance of the bucket while carrying it.
- › Higher than the traditional buckets, it allows the operator to work without bending.
- › Drawing "slippery floor" on both sides of the bucket.
- › Down-press wringer with plastic jaws, ideal for floor mopping with spaghetti mops and Speedy flat mop heads.

Intercare Floorcare guarantees the quality of the product . Its application recommendations are based on the test and practical experience . we accept no responsibility for damage caused through improper use of the product .
