Jersey Microfiber Cleaning Cloth

Art no	FCNCCO00005/6/7/8
Material	Microfiber
Uses	For removing surface dirt, grime and dust professionally and efficiently
Size (cm)	40 (length) x 40 (width)
Country of Origin	Korea

The Jersey Microfiber Cleaning Cloth is made of an innovative fiber known as microfiber. One strand of microfiber is 100 times thinner than a human hair, and yet, these incredible fine fibers are capable of removing surface dirt, grime and dust professionally and efficiently time after time.

› Excellent for bathroom and kitchens, floors and walls cleaning, marble and hard surfaces.
› Recommended for places where high hygienic standards are required.

Intercare Floorcare guarantees the quality of the product . Its application recommendations are based on the test and practical experience .
we accept no responsibility for damage caused through improper use of the product .
