- › Thanks to a particular twisting process, this yarn keeps its shape even after many washing cycles with low linting.
- › High absorbing capacity thanks to its yarn composition.
- › Two-holes flaps in order to grant a better fixing system of the flap to the frame.
- › Polypropylene fibers for a better remove of the most difficult dirty and micofiber which holds the dirty and grants an easy and quick cleaning.
- › No latex.

Intercare Floorcare guarantees the quality of the product . Its application recommendations are based on the test and practical experience .
