

Plastic Floor Squeegee 75 cm

Art No	FCFIJH00330
Material	Plastic
Uses	For wiping wet floors
Size	75 cm
Country of origin	Italy

The Plastic Floor Squeegee is a basic part of wet cleaning process, It is to be used for wiping wet floors.

- › It can be used with handle with diameter from 20 to 24 mm (universal size).
- › Neat wiping by rubber comes to a direct contact with the wet floor.
- › It is mainly to be used for drying the wet floor and that makes it recommended with aluminum handle (wood handle is not recommended with wet floor cleaning equipment).
- › The handle is to be fixed firmly while the clip stops any rotation.
