The Tork Foam Soap Dispenser with Intuition Sensor in Elevation Design allows you to make a good impression on your guests and can be used with a wide range of skincare products in sealed bottles. Its touch free dispensing secures good hand hygiene for all users. Elevation dispensers have a functional and modern design, that makes a lasting impression on your guests.

Why Tork Foam Soap Dispenser with Intuition sensor – Black ?

- › Easy maintenance with the LED level indicator that shows when a refill is needed.
- › Certified effortless cleaning and intuitive refilling saves time.
- › If the dispenser is mounted right above the floor a drip tray should be used to minimize spills on the floor.
- › The dispenser should be powered with four (4) C type alkaline batteries (LR14) of a high quality brand. The alkaline batteries should be the type optimized for high power/motor/toys appliances.
- › If the dispenser is empty for more than one week, the batteries should be removed to avoid LED light consumption of the batteries.
- › Check battery expiration date and always install four (4) new batteries at the same time.

Intercare Washroom & Hygiene guarantees the quality of the product . Its application recommendations are based on the test and practical experience .
we accept no responsibility for damage caused through improper use of the product .
