

Vertical Toilet Roll Dispenser – White

Art No	WHVEUN00001
System	Roll type – continuous flow
Material	Plastic
Size (mm)	280 (height) x 190 (width) x 160 (depth)
Color	White
Country of Origin	Holland

The vertical toilet roll dispenser offers room for two toilet rolls and is easy to top up at any time. As soon as the bottom toilet roll has been used up, it is automatically replaced by the second (spare) roll and is immediately ready for use. Thanks to the stock indicator window in combination with a special wrapper, you can see immediately (at a glance) whether the dispenser is ready to be topped up. As a result, toilet tissue is always available.

The toilet rolls only fit inside the dispenser in one way, which means the tissue always rolls off at the front, so ensuring optimum hygiene and convenience for your toilet users. The vertical toilet roll dispenser regulates the amount of tissue dispensed in order to prevent excessive use.

- › Continuous system: always available.
- › Capacity for 2 rolls of 100 meter 2-ply toilet tissue or 2 rolls of 150 meter 1-ply toilet tissue.
- › Quick and easy to top up as soon as the bottom toilet roll has been used up.
- › The amount of tissue dispensed can be regulated to prevent excessive use.
- › Stock indicator window.
